

PATRIOT GOLF DAY

was started by Major Dan Rooney, a former F-16 fighter pilot who is a PGA Professional and USGA member. Maj, Rooney had a calling to help families of fallen and wounded soldiers. Maj. Rooney's vision of the PGA golf community coming together to raise money for college academic scholarships for children of military families who experienced tragedy on the battlefield has had a tremendous effect on families who otherwise would not have the opportunity to send their children to college. Since 2007 Patriot Golf Day has helped hundreds of families and raised over 30 million dollars. It is with great pride that we stand together with Major Rooney in raising funds for those families most greatly affected in giving us the freedoms we enjoy today and tomorrow. Your support of this worthwhile charity is greatly appreciated by all those families affected from serving our country and the many volunteers who choose to give their time and effort to raise funds, and coordinate these events. To date we have raised over \$207,000 for the Folds of Honor Foundation.
